

Manufacturer's Rep Firms Announce Partnership

August 2017

Lynn Associates, Inc. and Dynamic Product Solutions are pleased to announce their newly formed partnership.

The Manufacturer's Representative firms will combine their many years of industry experience to focus on servicing their clientele by providing the latest, most innovative and energy efficient solutions for Power Quality and Environmental Control Systems.

The principals of Lynn Associates and Dynamic Product Solutions have been serving the Upstate New York market for the past four decades. These markets include: Industrial, Institutional, Education, Finance, Healthcare, Gaming, Manufacturing, Telecommunication, Military, Government and Colocation.

This partnership will be positioned to offer power protection and environmental control equipment from major manufacturers such as, Eaton Corporation (UPS and PDU's), Russelectric (Generator Parallel Switchgear and ATS), Stulz-ATS (Computer Room Cooling, Ultrasonic Humidification and Desiccant Dehumidifiers), OptiCool Technologies (High Density Rack Door Cooling), Efficient Air Systems (EASi), MK Plastics (Blowers/Fans), Accutrol (Air Flow Controls), Buffalo Air Handling (Custom Air Handlers), NU Climate (Induction Chilled Beams), Thermotech (Energy Wheels), Carel (Humidifiers) and Universal Electric (Starline Track Busway).

Offices are located in Buffalo, Rochester and Albany, New York.
